Words of Wisdom: You will inevitably encounter obstacles in your life that seem insurmountable. It is how you face these challenges that will define you and help you achieve success. I have always maintained that being successful is not about being wealthy or having material possessions, but about being content and happy with your life.

Greatest Influence While at SEHS: My teachers, especially my ag teachers, Mr. Larry Gray & Mr. Alan Been, and my biology teacher, Mrs. Libby Geissler.

Best Part of Being SEHS Grad: I received a great education and met close friends that I still talk to almost daily.
