

TEA is projecting that all STAAR and EOC's will be given using the online platform starting the 2022-2023 school year. Eduphoria's online testing is allowing students to become familiar with the online testing platform. When online testing becomes mandatory, our students will be use to this type of testing if we utilize the online testing in Eduphoria now. (This will not work with a Quick Test Key. They test has to have questions added)

https://tea.texas.gov/student-testing-and-accountability/testing/student-assessment-overview/electronic-assessments

Below you will find the How To Guide on setting up online testing for your class.

Important information:

<u>Students ID:</u> is the number that Eduphoria uses (assigned by Eduphoria) next to the students name in testing. The teacher will need to give this number to their students.

Student Password: Wol2020!

Name	Local ID	Special Ed Indicator
	153676	No
	153445	No
	145641	No
	145640	No
	153060	No
ar	156074	No
	153070	No
	153088	No
	161244	Yes
	152001	No
	152230	No
	152235	No
telany	153122	No

Eduphoria Online Testing has provided several features to ensure students are receiving their accommodations while testing in the classroom.

<u>Features Available:</u> Highlighting Calculating Eliminating Wrong Answer Choices Spelling Assistance Text To Speech

Learning the online testing platform is pretty involved. Please follow these steps and try it out. If you have questions please email me!

Electronic Assessments

The Texas Legislature requires the Texas Education Agency (TEA) to investigate and develop a transition plan to administer all State of Texas Assessments of Academic Readiness (STAAR[®]) tests electronically by 2022–2023. A fully electronic administration will allow for more authentic, customizable assessments that operate more seamlessly with instruction, expedite test results, and reduce cost and complexity. The transition plan, due to the legislature by December 2020, is subject to legislative approval prior to implementation.

Tentative Timeline
