Comprehensive Needs Assessment

Springlake-Earth is a district with two campuses and an enrollment of 394 Students. The low-income percentage is 58.90% low income. The District received an Academically Acceptable rating. To make this rating, a district must have a passing rate of at least 50% on reading/English Language Arts, writing, and social studies TAKS for all students and all student groups. The math passing rate must be at least 35% and the science must be at least 25%. The Completion Rate must be at least 75% or an annual dropout rate of 1.0%

Students Strengths and Needs:

The District and both campuses met the federal accountability, Adequate Yearly Progress (AYP). AYP is similar to the state accountability but it includes two additional target populations—Special Education and Limited English Proficient--that must also meet TAKS standards as a group.

Students in Special Education exceeded the state median in two areas—Identification and Hispanic representation. The district will look closely to determine how student needs can be met in this area. Strategies to correct any problems in these areas will be a focus of the District.

See TAKS Charts for student scores for 2005—the first year for the panel recommended or more rigorous TAKS standards to be in place.

Staff

91.2% of the professional teaching staff in core subject areas met the federal No Child Left Behind (NCLB) requirement to be “highly qualified.” A plan is currently in place to have all required teachers meet the guidelines by 2006-2007.

Parent and Community Involvement Strengths and Needs:

Parents and community are vital to the success of our students! Parents are involved as well as community and business people. Regularly scheduled Planning and Decision Making meetings are held. All stakeholders are informed and involved in positive ways by the district! Teachers and staff know all students. They communicate with students and their families on a regular basis. Parent conferences are held each year at both campuses. Parents are informed of state assessments and required proficiency levels.
